About me

Hi, I am an UX design student based in the Hague, the Netherlands. I am searching for an opportunity for my first professional UX design experience. I am creative, hard-working and open-minded. I am particularly interested in working with a diverse group of colleagues from whom I can gain inspiration. In my UX design career, I hope to create innovative and collaborative designs.

Education

De Haagse Hogeschool

2022 - *present* • BSc, User Experience Design

Interaction Design
