

# AJIN PARK

## UX Researcher / Designer

Hi, I'm Ajin. For me, user experience design is a tool to help people overcome challenges and make the world a little easier. My goal is to create user experiences that improve everyday lives and contribute to positive change!

## Education

### De Haagse Hogeschool

2022 - present

- BSc, User Experience Design

User Experience in Business

Persuasive Experience

Building and Testing Prototypes

Psychology of Experience

2023

- Minor, Online Startup

Built a startup that provides a platform to assist businesses in managing mergers and acquisitions.

## Experience

2024

### [Be like bear](#)

In collaboration with a partner, I designed the UX/UI for the website, creating a fully functional online retail platform.

2023

### Mobile Guide for the Radius Museum in Delft

A project where I designed an interactive exhibition brochure for RADIUS art museum, aimed at helping general visitors better understand and engage with the artworks.

[View the project](#)

2024

### Book Reading Application

I created a design system and prototype for a book reading application for tablet. I applied solid UX/UI principles to ensure the interface is cohesive and consistent.
